**DATE SHEET FOR TERM-I (I to XII) 2018-19**

**"Success is the sum of small efforts repeated day in and day out" - Robert Collier**

**Dear Students**

Learning is your superpower! Remember, never stop trying and never stop growing your brain. Exams are the make or break period for the students. The pain you feel today is the strength you will feel tomorrow. It always seems impossible until it is done. Each examination succeeds preparatory time, which must be utilized optimally. If you do it, you will love to take any exam. Just take the bull of exams by the horns, you are sure to fare well through them. Just be strong and study hard. Remember, there are no short-cuts for success.

**All the Best!!**

**Dear Parents**

The best way to support your children during the stress of exam is to make home life as calm and pleasant as possible. Don't let your stress become their stress. Provide good, nutritious diet to your child. Try not to put too many demands on your child during exam time. Arguments are counter-productive and will only add unnecessary stress. Explain that exams aren't an end in themselves but a gateway to the next stage of life. You can act as a catalyst for increasing the performance of your child.
